

Department of Public Art - Mural Panel Installations

Chenango Street structure prior to
our mural installation

Mural installation activities

Completed mural installation

Newly Renovated structure for Deli and commercial spaces.

Note: The Dept. of Public Art, would like to think that our work to bring attention to this vacant building helped encourage the new developer of the potential of this building. Also, neighborhood residents were very supportive of our efforts to bring some life to this building through our mural arts project.

Before and after in Johnson City
